PROFESSIONAL PROFILE

Full-Stack Developer with 2+ years of experience building web applications using React.js, Next.js, Node.js, JavaScript, and TypeScript. Currently working as a Software Developer at BC Tecnología, providing services for Cencosud, contributing to the development and maintenance of full-stack functionality within a microservices-based environment and Agile/Scrum methodology.

Experienced in building responsive frontend interfaces, integrating and consuming REST APIs, developing backend functionality, and working with development and collaboration tools such as Git and Jira. Also skilled in Docker, AWS, MongoDB, and SQL, with an AWS Certified Cloud Practitioner certification.
